

East Central Region Gathering 2016
October 27-30, 2016

Where experiences are timeless and memories last forever!

Welcome to The Greenbrier - America's Resort since 1778. Over two centuries ago in a valley nestled within the eternal majesty of the Allegheny Mountains in White Sulphur Springs, West Virginia, The Greenbrier pampered its first guests! And from that moment, until today, when you enter their grounds you become part of a haven rooted in hospitality and luxury.

Before the Civil War, five sitting presidents stay there, demonstrating the resort's reputation as the favored gathering place for the nation's most influential and powerful families.

In 1942, The U.S. Army purchased and converted the hotel into a 2,000 bed hospital known as Ashford General Hospital. Over the course of four years, 24,148 soldiers were admitted and treated at the surgical and rehabilitation center.

On May 7, 2009, Jim Justice, a West Virginia entrepreneur with a long-standing appreciation for The Greenbrier, became the owner of America's most fabled resort. He purchased it from the CSX Corporation which, through its predecessor companies the Chessie System and the C&O Railway, had owned the resort for ninety-nine years.

During our stay, we will have Traditional Rooms that are the perfect combination of elegance and space. They feature 250 square feet with one king bed or two double beds and can accommodate up to 4 people. Traditional Rooms are not handicap accessible.
